Writing Intern

Writer's Workout

May 2022 – August 2022

Remote

- Applied strong writing, editing and proofreading abilities to each assignment to produce best possible content.
- Organized and tracked projects to meet tight deadlines and gave feedback to authors on how to improve work.
- Led and collaborated with team members and gained high performance reviews.

PROJECTS

ReManga | *Swift, SwiftUI, UIKit, Foundation, URLSession, JSONDecoder*

December 2024 - Present

- Developed a Swift-based iOS app enabling users to catalog their manga collections and track missing volumes.
- Implemented a custom UI/UX with features like color customization, logo integration, and responsive design.
- Integrated APIs to provide real-time search functionality for manga details, including titles, covers, and volumes.
- Utilized JSON decoding to process API responses and dynamically display manga information.
- Gained experience in SwiftUI, RESTful APIs, and managing application state in iOS development.

Portfolio Project | *HTML, CSS, JavaScript*

December 2024

- Developed a fully responsive web application showcasing skills in front-end development and UI design.
- Implemented features such as interactive forms and custom animations to enhance user experience.
- Built and debugged the application using VS Code, adhering to best coding practices and industry standards.
- Designed a clean and intuitive interface, ensuring cross-browser compatibility and mobile responsiveness.
